Continuing the legacy

To celebrate Siesta's 50th anniversary, we launched SIESTA TRIO. SIESTA TRIO applauds the classic icon's great correlation between design and function, but at the same time emphasises Siesta's ability to stay unaffected by time. Hence the name: SIESTA TRIO has three separate cushions that all together offer your body a unique comfort and extra support for your lower back. The threefold expression gives the chair a modern attitude and a playful design.
