

Sol  
by Andreas Engesvik

## A friendly presence

SOL is a stool with a lot of character and a friendly presence. SOL is a light seat that easily can be a part of any room or space, stand freely and provide a seat for two, or decorate a wall or floor when not in use. SOL is just as classy and full of personality when it acts solo as when arranged in bigger groups.

See page 113 for complete specifications
