

Ted
by Hallgeir Homstvedt

Overflowing

TED is a sofa designed for comfortable living. Precise and solid walls give support to big, soft cushions and become a contrast to the soft inside. Just like a swimming pool that is overflowing. When Hallgeir designed TED, he wanted the sofa to radiate its actual comfort. The result is a sofa that invites you to take a deep breath and snuggle up.

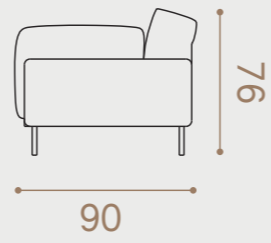

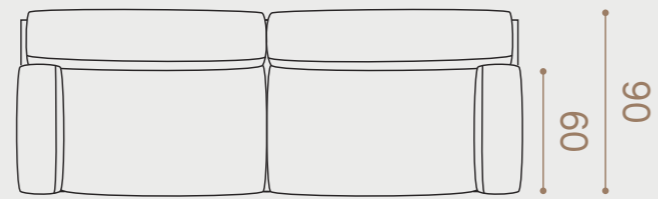

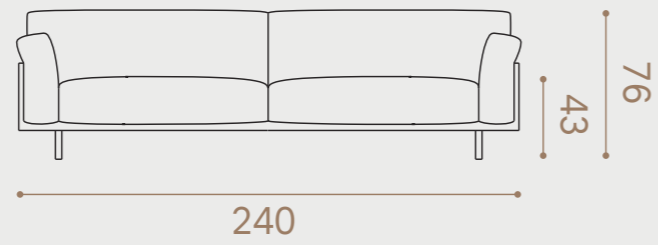

See page 111 for complete product overview

Ted

Design Hallgeir Homstvedt

TED has cushion covers that are removable for easier cleaning.

2,5 seater

Ottoman
